

**STUDENT SCHEDULES AND COURSE LOADS
AT
JONESPORT-BEALS HIGH SCHOOL**

1. Each student should be scheduled at least one study hall per day.
2. Each student will take physical education all four years unless it conflicts with the intent of at least one study hall per day.
3. Students in grades 9-11 will be scheduled five periods (equaling at least four credits) of class plus physical education per day.
4. Students in grade 12 will be scheduled four periods (equaling at least four credits) of class plus physical education per day.

The intent of this policy is to provide a guideline only for minimum course load. It is realized that extenuating circumstances may make it impossible to enforce this policy in all cases. The Principal, Guidance Counselor and PET Committee (if applicable) will make the decision on course load involving extenuating circumstances.

The Superintendent is to be notified in writing when extenuating circumstances prevent adherence to the guidelines.

DATE ADOPTED: JULY 1, 2003
