

STUDENT CODE OF CONDUCT

The Board is committed to maintaining a supportive and orderly school environment in which students may receive and staff may deliver a quality education without disruption or interference and in which students may develop as ethical, responsible and involved citizens.

To achieve this goal, the Board has established a set of expectations for student conduct. These expectations are based on the values identified by the community as essential to ethical and responsible behavior.

Statement of School Union 103 Values and Standards for Ethical and Responsible Behavior

As a school community, we are dedicated to the values of fairness, compassion, honesty, responsibility, respect, and courtesy that contribute to a positive, diverse, safe, and caring learning environment. We are committed to ethical and responsible behavior and will provide leadership and demonstrate courage in the face of this challenge.

The board believes that each member of the school community should take responsibility for their own behavior. To that end, the board recognizes the need to define unacceptable student conduct:

The Board has identified student rights and responsibilities and the possible consequences for unacceptable conduct in policies AC, ACAA, ACAD, JICIA, EEAEC/JICC, JI, JIH, JK, JKD, JKE, JKF and JRA and in other school rules. It is the responsibility of the school system to ensure that discipline is administered fairly, promptly, and appropriately.

Having considered the input of administrators, parents, students, and the community, the Board adopts this Student Code of Conduct ("Code"), consistent with the requirements of 20-A MRSA § 1001(1 5) (adoption of Student Code of Conduct).
