

STUDENT SURVEYS AND MARKETING INFORMATION

From time to time, the school may administer surveys to students in the course of developing and evaluating programs and services offered in the school. The school unit will comply with the federal Protection of Pupil Rights Act (PPRA) and applicable regulations concerning the administration of surveys and the use of personal information about students for marketing purposes as outlined in this policy.

For the purposes of this policy, “parent” means parent(s), regardless of divorce or separation; a legal guardian; or individual acting as a parent or guardian, unless there is evidence of a state law or court order governing such matters as divorce, separation or custody or a legally binding instrument that specifically revokes such rights.

Parental Consent to Surveys

No student shall be required to participate in a survey receiving funding under U.S. Department of Education programs that reveals the following information without prior notice to and the written consent of parents:

- Political affiliations or beliefs of the student or the student's parent;
- Mental or psychological problems of the student or the student's family;
- Sex behavior or attitudes;
- Illegal, anti-social, self-incriminating, or demeaning behavior;
- Critical appraisals of other individuals with whom respondents have close family relationships;
- Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
- Religious practices, affiliations or beliefs of the student or the student's parent; or
- Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

In the case of surveys not funded under U.S. Department of Education programs, parents will receive prior notice of the survey and their right to opt-out. Parents may request that their child not participate in a particular survey by submitting a written request to the Principal within ten days of receiving the notice.

Notice to Parents Regarding Surveys

Parents will be provided with a copy of this policy at the beginning of each school year, and within a reasonable time if substantive changes are made to the policy by the Board. If actual or expected dates of surveys have been scheduled when the policy is distributed, parents of affected students will be notified at that time. If surveys are scheduled after the start of the school year, parents will be provided with reasonable notice before the survey is administered.

Procedure for Inspection of Surveys/ Instructional Materials

Parents have the right to inspect any survey created by a third party before it is distributed or administered to students. Parents may also inspect any instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey. Parents may request to inspect surveys or related instructional materials by submitting a request in writing to the Principal within ten days of receiving notice that a survey is to be administered. The Principal shall make arrangements for the parent to inspect the survey and/or materials within a reasonable time prior to the scheduled date for the survey.

Use of Student Personal Information for Marketing Purposes

The school does not collect, use or disseminate personal information about students for marketing or commercial purposes.

This policy does not prevent the collection, use or dissemination of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for or to students or educational institutions (including but not limited to tests and assessments, sale by students of products or services to raise funds for school-related purposes, student recognition programs and book clubs or magazines).

Protection of Student Privacy

The Principal shall be responsible for protecting student privacy when surveys are administered or personal information about student is collected, disclosed or used for marketing purposes.

Students Over 18/Emancipated Students

In the case of emancipated students or students over the age of 18, the parent rights described in this policy transfer to the student.
