

**MEDICATION ADMINISTRATION ON SCHOOL FIELD TRIPS
OR OTHER OFF-CAMPUS SCHOOL ACTIVITIES**

1. Unlicensed personnel administering medications must hold documentation of their training in the administration of medication.
2. There must be written permission from the parent/guardian providing consent to administer the medication in school and a written physician's order/an appropriately labeled original medication container.
3. Either a standardized preprinted medication label or preprinted envelope containing the information described below or medication in its original container will be used for students attending a field trip.
4. When using a preprinted label or preprinted envelope, the principal/designee shall transfer the prescribed amount of medication needed for the field trip from the original medication container into the approved envelope and fill in the appropriate information on the envelope.
5. The envelope will be provided to the trained personnel for administration during the trip. The principal/designee will provide a review of the medication and its administration to the trained personnel on an as needed basis. All trained personnel administering medication must understand what to do in an emergency.
6. The medication will be transported and stored in compliance with any special directions for the medication and will be secured as safely as possible.
7. The administration of medication on a field trip will duplicate as much as possible administration of medication at school.
8. Medication will be administered to the student to assure that the right student receives the right medication, with the right dose, at the right time, by the right route. The trained personnel administering the medication will double-check the student with the medication label and will double-check the dose. The medication will be given within 30 minutes either side of the prescribed time.
9. The trained personnel will return the envelope or original container to the principal/designee at the conclusion of the trip, will document the medication(s) administered on the trip in the school medication log recording any unexpected occurrences.

The medication envelope or label will contain the following information:

1. Date to be administered.
2. Name of the student.
3. Name of the medication.
4. Dose to be given.
5. Time to be given.
6. Physician prescribing the medication.
7. Special directions.
8. Phone number of principal/designee.
9. Emergency directions.
10. Amount of medication sent on the trip
11. Amount of medication returned to the school.
